

SENIORS FOR SOCIAL ACTION (ONTARIO)

ACTION ALERT!

February 18, 2023

HOME CARE EMERGENCY!

Time to contact your MPPs!

The Ontario government is clearly backtracking on its election promise to invest \$1 Billion in Home Care. This report from the Ottawa Citizen tells the story: [Home-care agencies cut services in wait for promised Ontario funding | Ottawa Citizen](#)

Struggling home- and community-care agencies forced to cut services as they wait for promised provincial funding

SSAO has almost a thousand members on its Distribution List and many of you belong to other organizations. If we all e-mail our MPPs **IN UNISON** in the next three days, expressing our outrage at the government withholding Home Care funding from non-profit community agencies we can pressure the government and Opposition to take up this issue.

Please do it today! You can opt to send this message by copying and pasting it into an e-mail:

I am outraged to read that Home Care funding is being withheld after the promise was made in the last election that the PC government would invest an additional \$1 Billion in Home Care.

I want to know what you are doing as my MPP to raise this issue with the government.

I will not accept a form letter response. I want to know what specific actions you will personally take to address this important issue.

I look forward to your response by Thursday, February 23, 2023.

(Name, address, phone number, e-mail address)

PLEASE ACT NOW!

You can find your MPPs contact information here:

<https://www.ola.org/en/members/current> (Click on their names to find their e-mail addresses).

Please copy seniorsactionontario@gmail.com **up front** in your e-mail. They need to know that you are a member.
